WELCOME TO OUR WORLD

22 Graphics was founded in 1989 by three Pratt grads with one dream and \$22 in pocket change. By 1991 we were established as an energetic, tight-knit team of designers, copywriters, marketers, developers, and project managers.

Our capabilities span print, web, and multimedia design. We handle everything from multi-platform ad campaigns to straightforward print brochures, from promotional products and branded apparel to packaging. Nothing fussy. No BS — just good reliable communication and thoughtful design.

We work with a diverse range of industries; Retail, Real Estate Developers, Government Agencies, Academic and Financial Institutions, Fortune 500s and Not-for-Profits.
